

Letter box

What you need: Four markers, lots of words written on individual pieces of paper.

How to play:

- Create a 3m x 3m square out of the markers.
- Place the words 3m away from your 'letter box' face down.
- First, practise spelling letters in your letter box by travelling between the markers. Maybe someone in your household could call a letter out for you.
- Then, run to collect a word, return to your letter box and spell it out.
- Each time you spell a new word you must use a different travelling action such as skipping, jumping, sliding etc.

**How will you
spell it out?**
